# Technical User Forum Websites

- The Houston SPI LTUF Website <http://spi-ltuf.org/>

The screenshot shows the homepage of the Houston SmartPlant Instrumentation Local Technical User Forum (LTUF). The page features the SmartPlant Instrumentation logo (Powered by INtools) in the top left. In the top right, there is a link for the "2009 Global SPI / SPEL TUF" with a sub-link for pictures and downloads. A navigation menu includes HOME (highlighted), ARCHIVE, CR RANKING, ABOUT SPI-LTUF, MEMBERSHIP, and CHARTER. The main content area is divided into three columns: "Intergraph Links" with a list of links to SmartPlant Instrumentation, Intergraph Corporation, P2C2 Home, Join P2C2, Support, and Overload Service Inc.; "Welcome to the SPI-LTUF" which provides contact information for John Dressel (Chair), Gene Haney (Vice-chair), Daniel Siddiqui (Secretary), and Alex Koifman (Product Manager); and "Latest Downloads" listing documents such as the 2009 Meeting Agenda and Minutes, SPI Interfaces and Interoperability, Introduction to NE 100 Interface, ISO 15926 and Vendor Interfaces, ISA 20 Instrument Specification Forms, and SmartPlant Instrumentation Product Roadmap. A "Next Meeting" box on the left indicates a meeting on February 11, 2010, at ConocoPhillips HQ in Houston, TX.

## Technical User Forum Websites

---

- **Connection to the CR Ranking website:**

<http://www.sptuf.com/> or <http://www.spi-ltuf.org/>

- This site is designed to enable the Intergraph<sup>®</sup> User Community to put forward Change Requests (CR's). Once a CR has been submitted, it undergoes peer review by the entire user community. Intergraph<sup>®</sup> will provide responses to all highly Ranked CR's.

- Member Login Area
- Header Navigation Menu
- Links to:
  - Intergraph
  - Houston LTUF
  - UK User community
  - Global SPI TUF
- Month's Top 5 Change Requests
- Intergraph's Latest Change Request Commitments

The screenshot shows the Technical User Forum website. At the top, there is a navigation menu with links for Home, Meeting Minutes, Contacts, About, My Profile:CRs, and Login. A 'Not logged in' notice with links to login or register is also present. The main content area is titled 'TECHNICAL USER FORUM Change Request Ranking Website'. It includes a 'Links' sidebar with links to Intergraph PPM, Houston SPI LTUF, PP&M UK User Community, and Global SPI LTUF. The central text welcomes users and explains the Change Request (CR) process. Below this is a section for 'This Month's Top 5 Change Requests' with a table listing CR numbers, descriptions, rankings, and applications. The final section is 'Intergraph's Latest Change Request Commitments', which is a table listing CR numbers, descriptions, statuses, and applications.

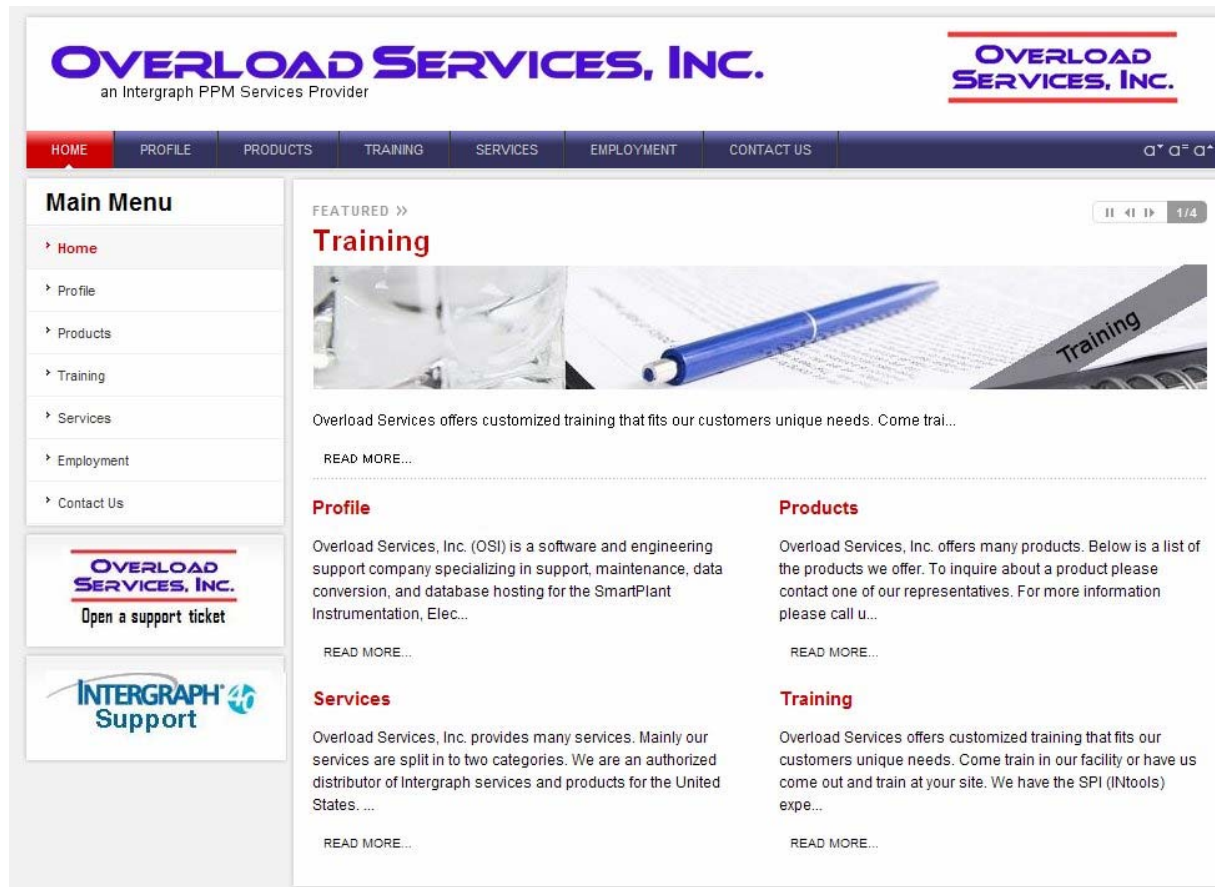

Change Request	Ranking	Application
CR #70028 Enable users to change tag class from FF or HART back to Conventional.	9.75	SmartPlant Instrumentation®

- Overload Services Website <http://overload-services.com/>

The screenshot shows the homepage of Overload Services, Inc. The header features the company name in large blue letters, with the tagline "an Intergraph PPM Services Provider" below it. A navigation menu includes links for HOME, PROFILE, PRODUCTS, TRAINING, SERVICES, EMPLOYMENT, and CONTACT US. A featured section titled "Training" includes a banner image of a blue pen and a document, with a "Training" label on a keyboard key. Below the banner is a short paragraph and a "READ MORE..." link. The main content area is divided into four columns: Profile, Products, Services, and Training, each with a short introductory paragraph and a "READ MORE..." link. The left sidebar contains a "Main Menu" with links to Home, Profile, Products, Training, Services, Employment, and Contact Us. At the bottom of the sidebar, there are two buttons: "OVERLOAD SERVICES, INC. Open a support ticket" and "INTERGRAPH Support".
