

~ Houston SPI LTUF February 11, 2014 meeting ~

 The next Houston SPI LTUF meeting will be hosted by Mangan Inc. 12621 Featherwood Drive, Suite 260, Houston, TX 77034. The meeting will run from 8:00 a.m. until 12:00 a.m. This being the first meeting of the year it is time to elect officers and renew our commitment for follow the P2C2 SmartPlant Instrumentation LTUF of Houston Organizational Charter. This meeting will focus on some of the Owner Operator aspects of SmartPlant Instrumentation. We are looking forward to presentations from Mangan on a new auditing tool and SmartPlant Instrumentation and ProSysDR for Safety Life Cycle management documentation, interfaces between them, and challenges. To facilitate this meeting, we are asking anyone who has experience owner Operator issues in SmartPlant Instrumentation to share their knowledge with the user community. Please contact John Dressel if you would like to give a presentation or need additional information about a Module. The formal invitation will go out to members of the Houston SPI LTUF this week so start making plans to attend and submit your presentation requests so we may complete the agenda. For additional information visit the Houston SPI LTUF website <http://www.spi-ltuf.org/>.

~ Intergraph PP&M Technical User Forum June 1, 2014 ~

Prior to HxGN LIVE, Intergraph PP&M will host a Technical Users Forum meeting at the MGM Grand Hotel & Casino in Las Vegas Nevada. The PP&M TUF meeting will go in-depth on your favorite solutions with fellow users and Intergraph experts. Take a sneak peek at solution roadmaps and explore ways to achieve better workflows. You are invited to attend Technical User Forum (TUF) meetings, Sunday, June 1, 2014 on the third floor of the MGM Grand Convention Center. There is no cost to attend. The SmartPlant Instrumentation TUF Breakout session will focus on the demands of using SmartPlant Instrumentation in both the EPC and Owner Operator environments with emphasis on interfaces and integration. The session will review the CR ranking process and the use of SmartPlant Instrumentation with emerging wiring technologies. Other discussion items planned for this session include:

- Users experiences with SmartPlant Instrumentation
- Owner Operator considerations with SmartPlant Instrumentation
- Communication between users and Intergraph representatives
- New capabilities and functions of SmartPlant Instrumentation

For additional on the TUF information see http://www.intergraph.com/assets/pdf/TUF_Agenda.pdf

~ Intergraph PP&M User Conference June 2-5, 2014 ~

The Intergraph Process, Power & Marine Global User Conference (HxGN LIVE) will be hosted MGM Grand Hotel & Casino in Las Vegas Nevada, June 2-5, 2014. The PP&M track will offer great sessions led by experts in the design, construction and operation of plants, ships, and offshore facilities using Intergraph® PP&M solutions. Attendees can learn how Intergraph's solutions boost productivity, reduce timelines and ensure data accuracy across the facility life cycle. Registration is now open with several money saving opportunities so make plans to attend now. For additional information see <http://hxgnlive.com/index.htm>

~ Intergraph PP&M User Conference June 2-5, 2014 ~

OTC2014 The Intergraph® offshore solutions will have booth 11201 at the 2014 Offshore Technology Conference may 5-8 at Reliant Park in Houston Texas. Intergraph will show how its SmartPlant Enterprise solutions will boost productivity by accelerating project execution and deliverables, while lowering operating costs and risk. SmartMarine® Enterprise integrates schematic design, physical modeling, as-built data acquisition, and engineering analysis with on-demand materials, construction, fabrication and information management. For more information visit: <http://www.otcnet.org/2014/>

~ Post your Change Requests to the CR Ranking Website ~

Don't forget to submit your outstanding Change Requests to the TECHNICAL USER FORUM Change Request Ranking Website <http://www.sptuf.com/>. Please visit the site periodically to rank the Change Request to have your preferences included in the ranking. Remember, your participation in the CR Ranking is the best way to get your needs known to Intergraph. The Technical User Forum Change Request Ranking Website has undergone some significant changes including separate ranking sites for SmartPlant Instrumentation, SmartPlant Electrical, SmartPlant 3D, SmartPlant Materials, SmartPlant P&ID and SmartPlant Foundation. One of the most significant changes is the ability to enter "Wish List" items into the ranking system.

~ SmartPlant® Instrumentation TestDrive™ ~
