

~ Houston SPI LTUF November 12, 2013 meeting ~

The next Houston SPI LTUF meeting will be hosted by Jacobs Engineering Group Inc. 5995 Rogerdale Road Houston, Texas 77072. The earlier than usual meeting will run from 7:30 a.m. until 11:00 a.m. to allow for another meeting to set up right after ours. This meeting will focus on some of the lesser used aspects of SmartPlant Instrumentation. We are looking forward to presentations on the Dimensional Data for Piping, the Hookup Module and the Rule Manager as well as other seldom used functions and features. To facilitate this meeting, we are asking anyone who has experience with some of the lesser used modules and functions to share their knowledge with the user community. Please contact John Dressel if you would like to give a presentation or need additional information about a Module. The formal invitation will go out to members of the Houston SPI LTUF this couple of weeks so start making plans to attend and submit your presentation requests so we may complete the agenda. For additional information visit the Houston SPI LTUF website <http://www.spi-ltuf.org/>.

~ Intergraph PP&M User Conference October 30, 2013 ~

The Intergraph Process, Power & Marine Regional User Conference (IUSA 2013) will be hosted locally at the Marriott Westchase, 2900 Briarpark Dr. Houston, TX 77042 on October 30. This conference is the perfect forum to discover firsthand how Intergraph customers are using SmartPlant technology to spark their imagination and develop creative solutions to solve project challenges. From compelling customer testimonials and "real-life" case studies to valuable product updates and exciting networking events, IUSA 2013 offers something for everyone! Houston SPI LTUF members are urged to make plans to join this "must-attend industry event" of the year in Houston! For FREE registration visit: <http://intergraphusersconference.com/2013/Americas/IUSA/>

~ Post your Change Requests to the CR Ranking Website ~

Don't forget to submit your outstanding Change Requests to the TECHNICAL USER FORUM Change Request Ranking Website <http://www.sptuf.com/>. Please visit the site periodically to rank the Change Request to have your preferences included in the ranking. Remember, your participation in the CR Ranking is the best way to get your needs known to Intergraph. The Technical User Forum Change Request Ranking Website has undergone some significant changes including separate ranking sites for SmartPlant Instrumentation, SmartPlant Electrical, SmartPlant 3D, SmartPlant Materials, SmartPlant P&ID and SmartPlant Foundation. One of the most significant changes is the ability to enter "Wish List" items into the ranking system.
